

International Standards for Tuberculosis Care, Edition 3

33858 **Author:** TB CARE I

Publication Date: 2014

Format: Report

Physical Description: 92 p.: col., ill.; appendices, tables, refs.

Language: English

Abstract:

The International Standards for Tuberculosis Care describe a level of care that all practitioners should seek to provide in managing patients with known or suspected TB. The Standards are intended to facilitate the effective engagement of all care providers in delivering high-quality care for patients of all ages.
